

FEDERAL SERVICES

January 1, 2016

Dear Customer,

Please be advised that the National Institute for Truth Verification Federal Service (NFS) is the **Sole Source** for the Computer Voice Stress Analyzer II (CVSA[®] II) and its training programs.

NFS is the exclusive manufacturer/distributor of both the CVSA[®]/CVSA[®] II and has no US distributors. The CVSA II incorporates two US Patents: US Patent Number 7,321,855 "*Method for Quantifying Psychological Stress Levels Using Voice Pattern Samples,*" and US Patent Number 7,571,101 "*Quantifying Psychological Stress Levels Using Voice Patterns.*" NFS is the only Voice Stress Analysis (VSA) manufacturer holding patents for its VSA technologies. The FACT[®] Scoring System is only offered by NFS, and can precisely quantify stress in the human voice and evaluate CVSA examination charts as Deceptive or Non-Deceptive with an accuracy level greater than 98%. Additionally, the CVSA is an approved GSA item for all US Federal Agencies, has been approved by the US Federal Court System, and is used by approximately 2,000 US and International Law Enforcement Agencies as well as elements of the US Military and other US Federal Agencies.

For more information please visit our company website at www.cvsal.com.

Sincerely,

James A. Kane
Executive Director
