

Announces a
CERTIFIED EXAMINERS COURSE
HOSTED BY THE
Boone Co. Sheriff's Office
Columbia, MO

The **Boone Co. Sheriff's Office** purchased their first Computer Voice Stress Analyzer® (CVSA®) in 2000 and discontinued the polygraph. NITV Federal Services is pleased to announce that due to the tremendous success of the CVSA at the **B.C.S.D.** they will be hosting another **Certified Examiners Course** to be held **June 9-11, 2026**, to train additional detectives. Over 3,000 law enforcement agencies across the U.S (232 in MO, 279 in OH, and 210 in IN) now rely on the CVSA for their truth verification needs, including local, state and federal agencies, as well as **Federal ICAC Task Forces**. *Since this class is expected to fill quickly, we suggest you reserve student slots early.* Visit our Website at www.CVSA1.com

The forward-thinking agencies that utilize the CVSA have found it to be a tremendous asset for Criminal and Background Investigations and the CVSA can also analyze old taped interviews to solve Cold Cases. Most have utilized the CVSA for many years and they include the **California Highway Patrol - since 1999-32 CVSA's, Illinois State Police - 2019-11, New Orleans P.D. - 1996-29, Atlanta P.D. - 2003-14, Nashville P.D. - 2004-26, Kansas City P.D. - 2018-5, Missouri Dept. of Public Safety - 1998-52, Florida Div. of Investigation and Forensic Services - 2003-12, San Diego Co. S.O. - 1999-13, California Dept. of Justice – 2022-11, and the US Federal Courts Div. of Probation - 2010-18.**

The new CVSA III is FAST, RELIABLE, COST-EFFECTIVE and EASY-TO-USE. Unlike the polygraph, drugs and medical issues are not known to affect the results of the CVSA III and there are no known countermeasures to cause “inconclusive” results. The CVSA III gets to the truth and precisely identifies deception with its patented automatic scoring algorithm. The cost of the CVSA III with 2 detectives trained is 1/6 the cost of the polygraph with two students trained. The average exam time for the CVSA is approximately 1 hour.

With 2 peer reviewed, published studies validating the accuracy of the CVSA, and over 3,000 LE users, isn't it time for your agency to acquire the “Best In Class” truth verification technology?
