

Announces a  
**CERTIFIED EXAMINERS COURSE**  
HOSTED BY THE  
**Calgary Police Service**  
Calgary, Canada

Following a one-year Proof-of-Principal utilizing the Computer Voice Stress Analyzer® (CVSA®), the **Calgary Police Services** (the 3rd largest municipal police agency in Canada) has made the decision to join the over **3,000** law enforcement agencies that utilize the system, and staff with the CVSA.

NITV Federal Services is pleased to announce that due to the tremendous success of the CVSA at the **Calgary Police Services**, they will be hosting a **Certified Examiners Course** to be held **Jan. 26-30, 2026**, to train additional examiners. Over **3,000** law enforcement agencies across the U.S and Canada (**292 in CA, 284 in OH, 237 in MO, and 239 in FL**) now rely on the CVSA for their truth verification needs, including local, state and federal agencies, as well as Federal Internet Crimes Against Children Task Forces (ICAC-15 CVSA's). **Since this class is expected to fill quickly, we suggest that you reserve student slots early.** Visit our Website at [www.CVSA1.com](http://www.CVSA1.com)

The forward-thinking agencies that utilize the CVSA have found it to be a tremendous asset for **Criminal** and **Background Investigations** and the **CVSA can also analyze old taped interviews to solve Cold Cases**. Most have utilized the CVSA for **many** years and they include the **California Highway Patrol - since 1999-32 CVSA's, Illinois State Police - 2019-11, New Orleans P.D. - 1996-29, Atlanta P.D. - 2003-14, Nashville P.D. - 2004-26, California Dept. of Justice - 2022-15, and the US Federal Courts Div. of Probation - 2010-15**.

The new CVSA III is **FAST, RELIABLE, COST-EFFECTIVE** and **EASY-TO-USE**. Unlike the polygraph, **drugs and medical issues are not known to affect the results of the CVSA III** and there are **no known countermeasures** to cause **“inconclusive”** results. The CVSA III gets to the truth and precisely identifies deception with its patented automatic scoring algorithm. The cost of the CVSA III with 2 detectives trained is **1/5 the cost of the polygraph** with two students trained. The average exam time for the CVSA is approximately **1 hour** – the polygraph is **2-3 hours**.

**With 2 peer reviewed, published studies validating the accuracy of the CVSA, and 3,000 LE users, isn't it time for your agency to acquire the latest in truth verification technology?**

If you are planning to purchase or enroll in this course or, for more information on what is called **“One of the most important investigative tools available today”** call us toll-free **888-266-7263** or e-mail us at [NITVFS@cvsa1.com](mailto:NITVFS@cvsa1.com)
