

Announces a
CERTIFIED EXAMINERS COURSE
HOSTED BY THE
Calgary Police Services
Calgary, Canada

Following a one-year Proof-of-Principal utilizing the Computer Voice Stress Analyzer® (CVSA®), the **Calgary Police Services** (the 3rd largest municipal police agency in Canada) has made the decision to join the over **3,000** law enforcement agencies that utilize the system, and staff with the CVSA.

NITV Federal Services is pleased to announce that due to the tremendous success of the CVSA at the **Calgary Police Services**, they will be hosting a **Certified Examiners Course** to be held **Jan. 26-30, 2026**, to train additional examiners. Over **3,000** law enforcement agencies across the U.S and Canada (**292 in CA, 284 in OH, 237 in MO, and 239 in FL**) now rely on the CVSA for their truth verification needs, including local, state and federal agencies, as well as Federal **Internet Crimes Against Children Task Forces (ICAC-15 CVSA's)**. *Since this class is expected to fill quickly, we suggest that you reserve student slots early.* Visit our Website at www.CVSA1.com

The forward-thinking agencies that utilize the CVSA have found it to be a tremendous asset for **Criminal** and **Background** Investigations and the CVSA can also analyze old taped interviews to solve **Cold Cases**. Most have utilized the CVSA for many years and they include the **California Highway Patrol - since 1999-32 CVSA's**, **Illinois State Police - 2019-11**, **New Orleans P.D. - 1996-29**, **Atlanta P.D. - 2003-14**, **Nashville P.D. - 2004-26**, **California Dept. of Justice - 2022-15**, and the **US Federal Courts Div. of Probation - 2010-15**.

The new CVSA III is FAST, RELIABLE, COST-EFFECTIVE and EASY-TO-USE. Unlike the polygraph, drugs and medical issues are not known to affect the results of the CVSA III and there are no known countermeasures to cause **"inconclusive"** results. The CVSA III gets to the truth and precisely identifies deception with its patented automatic scoring algorithm. The cost of the CVSA III with 2 detectives trained is 1/5 the cost of the polygraph with two students trained. The average exam time for the CVSA is approximately 1 hour – the polygraph is 2-3 hours.

With 2 peer reviewed, published studies validating the accuracy of the CVSA, and 3,000 LE users, isn't it time for your agency to acquire the latest in truth verification technology?

If you are planning to purchase or enroll in this course or, for more information on what is called **"One of the most important investigative tools available today"** call us toll-free **888-266-7263** or e-mail us at NITVFS@cvsal.com

NITV Federal Services is the Sole Source of the Patented CVSA* The CVSA is Sold Only to Law Enforcement
