

FEDERAL SERVICES

Announces a
CERTIFIED EXAMINERS COURSE
HOSTED BY THE

Hawaii Department of Corrections and Rehabilitation

Honolulu, HI

The **Hawaii Dept. of Corrections and Rehabilitation** purchased their first Computer Voice Stress Analyzer® (CVSA®) in **2001** and due to the tremendous success of the CVSA at that agency, they have staffed the entire agency with the CVSA. NITV Federal Services is pleased to announce that **DCR** will be hosting another **Certified Examiners Course** to be held **July 20-24, 2026**, to train additional examiners. Over **3,000** law enforcement agencies across the U.S (**231 in FL, 293 in CA, 252 in MO and 284 in OH**) now rely on the CVSA for their truth verification needs, including local, state and federal agencies, as well as **Federal ICAC Task Forces**. *Since we expect this class to fill quickly, we suggest you reserve student slots early.* Visit our website at **www.CVSA1.com**

The forward-thinking agencies that utilize the CVSA have found it to be a tremendous asset for Criminal and Background Investigations, and the CVSA can also analyze old taped interviews to solve **Cold Cases**. Most have utilized the CVSA for many years and they include the **California Highway Patrol - since 1999-32 CVSA's, Illinois State Police - 2019-12, New Orleans P.D. - 1996-29, Atlanta P.D. - 2003-14, California Dept. of Justice – 2019-21, Nashville P.D. - 2004-26, Kansas City P.D. - 2018-5, Missouri Dept. of Public Safety - 1998-52, Florida Div. of Investigation and Forensic Services - 2003-12, San Diego Co. S.O. - 1999-13, and the US Federal Court's Div. of Probation – 2015-18**. Most agencies have simply discontinued the polygraph as they no longer find a need for the older technology.

The new CVSA III is FAST, RELIABLE, COST-EFFECTIVE and EASY-TO-USE. Unlike the polygraph, drugs and medical issues are not known to affect the results of the CVSA III and there are no known countermeasures to cause “inconclusive” results. The cost of the CVSA III with 2 investigators trained is about 1/5 the cost of the polygraph with 2 students trained. The average CVSA exam time is approximately 1 hr. and the average exam time for the polygraph is 2 hrs.

With 2 published, peer reviewed studies validating the accuracy of the CVSA, and with 3,000 LE users, isn't it time to acquire the latest in truth verification technology?

If you are planning to purchase or enroll in this course or, for more information on one of the most important investigative tools available today, call us toll-free **888-266-7263**, visit **CVSA1.com** or e-mail us at **NITVFS@cvsa1.com**

NITV Federal Services is the sole source of the patented CVSA

****The CVSA is Sold Only to Law Enforcement/Govt. agencies****
