To Whom It May Concern:

The patented Computer Voice Stress Analyzer II (CVSA® II) detects, measures, and graphically displays specific stress-related components of the human voice which are associated with the psychological stress of the speaker. The CVSA® II specifications will meet or exceed those listed below:

Software Features:

CVSA® II software, with the patented FACT® Scoring System, uses advanced algorithmic processes and a built-in “learning” feature to recognize, evaluate, categorize and quantify the output graphs from the CVSA® II. The FACT® Scoring System also evaluates CVSA® II charts as “Deception Indicated” or “No Deception Indicated.” The latest version of the CVSA® II also includes an automatic voice modulation system and an automated report writing feature. The CVSA® II software comes with a NITV Federal Services-supported Limited Lifetime Warranty.

Instrument Features:

1. Dell Latitude E5480, Quad Core 2.60 GHz, 6MB Cache
2. 4 GB (1x4GB) DDR4 Memory
3. 500GB (7200 Rpm) Hard Drive
4. Integrated HD Graphics 530
5. 6th gen Intel Core i5-6440HQ Processor
6. Internal English Qwerty Keyboard
7. Qualcomm QCA61x4A Chipset: 802.11ac Dual Band (2x2) Wireless Adapter + Bluetooth 4.1
8. 14 inch HD (1366x768) Anti-Glare LCD Display, with internal webcam and microphone
9. Microsoft Office Home and Business 2016 English
