

Please Deliver to Chief of Arson Investigations

ANNOUNCES A

CERTIFIED EXAMINERS COURSE

Exclusively For Examiners Specializing in Arson Investigations

HOSTED BY THE

Columbus Division of Fire
Columbus, OH

The NITV FS is pleased to announce that due to the tremendous success of the Computer Voice Stress Analyzer® (CVSA®) at over 2,500 law enforcement agencies (213 in OH) , the **Columbus Division of Fire** will train additional investigators in this dedicated Certified Examiners Course for Arson Investigators that will be held on Oct. 14-18, 2019, in Columbus, OH. The **Columbus Division of Fire** acquired their first CVSA in 2006 and joined the over 2,500 law enforcement agencies across the U.S. that rely on the CVSA for their truth verification needs, including local, state and federal agencies, as well as U.S. Military Special Operations Units. Since class space is limited, we suggest you reserve student slots early.

In acquiring the CVSA and hosting this specialized CEC, the **Columbus Division of Fire** maintains its status as one of the most *forward thinking agencies in the U.S.* The forward-thinking agencies that utilize the CVSA have found it to be a tremendous asset for Criminal, Background, and Arson Investigations. They include the **Ohio State Fire Marshal's Office, Missouri Div. of Fire Safety, and the Florida Division of State Fire Marshal** as well as the **California Highway Patrol, Illinois State Police, New Orleans P.D., Atlanta P.D., Kansas City P.D., Salt Lake City P.D., California Dept. of Corrections and Rehabilitation** and the **US Federal Courts**. Most of the 2,500 agencies have simply disbanded their polygraph units as they no longer find a need for the older, more expensive and less accurate technology.

With the recently published 18-year study validating the CVSA, isn't it time to acquire the latest in technology?

To watch an actual arson investigator discuss of the benefits of the CVSA in arson investigations click on: www.cvsa1.com/interviews/mike-defranisco-discusses-the-use-of-cvsa-in-arson-investigations/

If you are planning to purchase or enroll in this course or, for more information on one of the most important investigative tools available today, please email your request to carol@cvsa1.com, or call us at **888-266-7263**.

Visit our Web site at www.CVSA1.com NITV FS is the manufacturer and sole source of the CVSA.
