Announces a
CERTIFIED EXAMINERS COURSE
HOSTED BY THE
Columbus Police Department
Columbus, OH

NITV Federal Services is pleased to announce that due to the tremendous success of the Computer Voice Stress Analyzer® (CVSA®) at the **Columbus P.D.**, they will be hosting a **Certified Examiners Course** to be held **May 6-10, 2019**. Over **2,000** law enforcement agencies across the U.S (**214 in OH**) now rely on the CVSA for their truth verification needs, including local, state and federal agencies, as well as the US Federal Courts. Since class space is limited, we suggest you reserve student slots early. Visit our Website at www.CVSA1.com

The CVSA is such a tremendous asset for Criminal and Background Investigations the **California Highway Patrol** now has **32 CVSAs**, the **California Dept. of Corrections** has **54 CVSAs**, the **New Orleans Police Department** has **29 CVSAs**, the **Atlanta P.D.** has **13 CVSAs**, the **Metropolitan Nashville P.D.** has **21 CVSAs**, the **Missouri Dept. of Public Safety** has **52 CVSAs**, the **San Diego Co. Sheriff's Department** has **11 CVSAs**, and the **Orange County Sheriff's Office** in Orlando, FL has **8 CVSAs**.

The new CVSA III is FAST, RELIABLE, COST-EFFECTIVE and EASY-TO-USE. Unlike the polygraph, drugs and medical issues do not affect the results of the CVSA III and there are no known countermeasures to cause "inconclusive" results. The CVSA III gets to the truth and precisely identifies deception with an accuracy rate greater than 98%. The cost of the CVSA III is 1/3 less than the polygraph and the average exam time is 1 hour.

With the recently published 18-year study validating the accuracy of the CVSA at 98%, isn't it time to acquire the latest in truth verification technology?
