Announces a
CERTIFIED EXAMINERS COURSE
HOSTED BY THE
Mesa Police Department
Mesa, AZ

NITV Federal Services is pleased to announce that due to the tremendous success of the Computer Voice Stress Analyzer® (CVSA®) at the **Mesa Police Department**, they will be hosting another **Certified Examiners Course** to be held **May 20-24, 2019**. Over **2,500** law enforcement agencies across the U.S (32 in AZ) now rely on the CVSA for their truth verification needs, including local, state and federal agencies, as well as the US Federal Courts. Since class space is limited, we suggest you reserve student slots early. Visit our Website at www.CVSA1.com

The forward-thinking agencies that utilize the CVSA have found it to be a tremendous asset for Criminal and Background Investigations and they include the **California Highway Patrol, Illinois State Police, New Orleans P.D., Atlanta P.D., Kansas City P.D., Missouri Dept. of Public Safety, San Diego Co. Sheriff's Department, Orange County (FL) Sheriff's Office, Salt Lake City P.D.,** and the US Federal Courts.

The new CVSA III is FAST, RELIABLE, COST-EFFECTIVE and EASY-TO-USE. Unlike the polygraph, drugs and medical issues do not affect the results of the CVSA III and there are no known countermeasures to cause "inconclusive" results. The CVSA III gets to the truth and precisely identifies deception with an accuracy rate greater than 98%. The cost of the CVSA III is 1/3 less than the polygraph and the average exam time is 1 hour. After acquiring the CVSA, most agencies have discontinued the old polygraph.

With the recently published 18-year study validating the accuracy of the CVSA at 98%, isn't it time to acquire the latest in truth verification technology?
