Announces a  
**CERTIFIED EXAMINERS COURSE**  
HOSTED BY THE  
**Miami Beach Police Dept.**  
Miami Beach, FL

NITV Federal Services is pleased to announce that due to the tremendous success of the Computer Voice Stress Analyzer® (CVSA®) at the **Miami Beach Police Dept.**, they will be hosting a **Certified Examiners Course** to be held **June 17-21, 2019**. Over 2,500 law enforcement agencies across the U.S (185 in FL) now rely on the CVSA for their truth verification needs, including local, state and federal agencies, as well as the US Federal Courts. Since class space is limited, we suggest you reserve student slots early. Visit our Website at [www.CVSA1.com](http://www.CVSA1.com)

The forward-thinking agencies that utilize the CVSA have found it to be a tremendous asset for Criminal and Background Investigations and they include the **California Highway Patrol, Illinois State Police, New Orleans P.D., Atlanta P.D., Kansas City P.D., Missouri Dept. of Public Safety, San Diego Co. Sheriff's Department, Orange County (FL) Sheriff's Office, Salt Lake City P.D.,** and the **US Federal Courts**. Most agencies have simply disbanded their polygraph units as they no longer find a need for the older, more expensive and less accurate technology.

The new CVSA III is FAST, RELIABLE, COST-EFFECTIVE and EASY-TO-USE. Unlike the polygraph, drugs and medical issues do not affect the results of the CVSA III and there are no known countermeasures to cause “inconclusive” results. The CVSA III gets to the truth and precisely identifies deception with an accuracy rate greater than 98%. The cost of the CVSA III is 1/3 less than the polygraph and the average exam time is 1 hour.

**With the recently published 18-year study validating the accuracy of the CVSA at 98%, isn't it time to acquire the latest in truth verification technology?**
