Announces a
CERTIFIED EXAMINERS COURSE
HOSTED BY THE
Van Buren Police Dept.
Van Buren, AR

NITV Federal Services is pleased to announce that due to the tremendous success of the **Computer Voice Stress Analyzer® (CVSA®)** at the **Van Buren Police Dept.**, they will be hosting another **Certified Examiners Course** to train CVSA Examiners **September 9-13, 2019**. Over 2,000 law enforcement agencies across the U.S (43 in AR) now rely on the CVSA for their truth verification needs, including local, state and federal agencies, as well as the US Federal Courts. Since class space is limited, we suggest that you reserve student slots early. Visit our Website at CVSA1.com.

The CVSA is such a tremendous asset for Criminal and Background Investigations the **California Highway Patrol** now has 32 CVSAs, the **California Dept. of Corrections** has 54 CVSAs, the **New Orleans Police Department** has 29 CVSAs, the **Atlanta P.D.** has 13 CVSAs, the **Missouri Dept. of Public Safety** has 52 CVSAs, the **San Diego Co. Sheriff's Department** has 11 CVSAs, and the **Orange County Sheriff's Office** in Orlando, FL has 8 CVSAs.

The new CVSA III is FAST, RELIABLE, COST-EFFECTIVE and EASY-TO-USE. Unlike the polygraph, drugs and medical issues do not affect the results of the CVSA III and there are no known countermeasures to cause "inconclusive" results. The CVSA III gets to the truth and precisely identifies deception with an accuracy rate greater than 98%. The cost of the CVSA III is 1/3 less than the polygraph and the average exam time is 1 hour.

With the recently published 18-year study validating the CVSA at 98% accurate, isn't it time to acquire the latest in truth verification technology?
