

FEDERAL SERVICES

Announces a

CERTIFIED EXAMINERS COURSE

HOSTED BY THE

San Diego Co. Sheriff's Department

San Diego, CA

The **San Diego Co. Sheriff's Dept.** purchased their first Computer Voice Stress Analyzer® (CVSA®) in **2000** and due to the tremendous success of the CVSA at the **S.D.S.O.**, they will be hosting another **Certified Examiners Course** to be held **Apr. 24-28, 2023**, to train additional examiners. Approximately **2,800** law enforcement agencies across the U.S (**262 in CA, 252 in OH, 211 in FL and 213 in MO**) now rely on the CVSA for their truth verification needs, including local, state and federal agencies as well as **ICAC Task Forces**. Since our classes fill up quickly, we suggest you reserve student slots early. Visit our Website at **www.CVSA1.com**

The forward-thinking agencies that utilize the CVSA have found it to be a tremendous asset for both *Criminal* and *Background* Investigations. Most have utilized the CVSA for many years and they include the **California Highway Patrol - since 1999-32 CVSA's, Illinois State Police - 2019-10, New Orleans P.D. - 1996-29, Atlanta P.D. - 2003-14, Nashville P.D. - 2004-26, Kansas City P.D. - 2018-5, Missouri Dept. of Public Safety - 1998-52, Florida Div. of Investigative and Forensic Services - 2003-12, San Diego Co. S.O. - 1999-13, California Dept. of Corrections and Rehabilitation - 2017-58, and the US Probation and Pretrial Services - 2010-15.** Most agencies have simply discontinued the polygraph as they no longer find a need for the older, more expensive and less accurate technology.

The new CVSA III is FAST, RELIABLE, COST-EFFECTIVE and EASY-TO-USE. Unlike the polygraph, drugs and medical issues are not known to affect the results of the CVSA III and there are no known countermeasures to cause "inconclusive" results. The CVSA III gets to the truth and precisely identifies deception with its patented automatic scoring algorithm. The cost of the CVSA III with two detectives trained is 1/6 the cost of the polygraph with two students trained. the CVSA training is 1 week, polygraph training is 10 weeks. The average CVSA exam time is approximately 1 hour.

With 2 peer reviewed, published studies validating the CVSA, isn't it time to acquire the latest in truth verification technology?
