

FEDERAL SERVICES

Announces a  
**CERTIFIED EXAMINERS COURSE**  
HOSTED BY THE  
**California Dept. of Fish and Wildlife**  
Sacramento, CA

NITV Federal Services is pleased to announce that the **CA Dept. of Fish & Wildlife (6 CVSA's)** has purchased **8 additional CVSA's** and they will be hosting a **Certified Examiners Course** to be held **June 19-23, 2023**, to train **20** additional agents as examiners on the **Computer Voice Stress Analyzer®**. They join the **CA Dept. of Justice, CA Highway Patrol, CA Dept. of Corrections**, and **273** other CA law enforcement agencies that now utilize the CVSA. Nearly **3,000** law enforcement agencies across the U.S (**215 in FL, 273 in CA, 262 in OH, and 218 in MO**) now rely on the CVSA for their truth verification needs, including local, state and federal agencies, as well as **ICAC Task Forces**. *Since we expect this class to fill quickly, we suggest you reserve student slots early.* Visit our website at **[www.CVSA1.com](http://www.CVSA1.com)**

The forward-thinking agencies that utilize the CVSA have found it to be a tremendous asset for Criminal and Background Investigations, and the CVSA can also analyze old taped interviews to solve **Cold Cases**. Most have utilized the CVSA for many years and they include the **California Highway Patrol - since 1999-32 CVSA's, Illinois State Police - 2019-10, New Orleans P.D. - 1996-29, Atlanta P.D. - 2003-14, Nashville P.D. - 2004-26, Kansas City P.D. - 2018-5, Missouri Dept. of Public Safety - 1998-52, Florida Div. of Investigative and Forensic Services - 2003-12, San Diego Co. S.O. - 1999-13, California Dept. of Corrections and Rehabilitation - 2017-58, and the US Probation and Pre-trial Services - 2010-15.** Most agencies have simply discontinued the polygraph as they no longer find a need for the older, more expensive and less accurate technology.

The CVSA III is FAST, RELIABLE, COST-EFFECTIVE and EASY-TO-USE. Unlike the polygraph, drugs and medical issues are not known to affect the results of the CVSA III and there are no known countermeasures to cause "inconclusive" results. The CVSA III gets to the truth and precisely identifies deception with its patented automatic scoring algorithm. The cost of the CVSA III and two investigators trained is about 1/6 the cost of the polygraph with two students trained. The average CVSA exam time is approximately 1 hr.— the average polygraph exam time is 2-3 hrs.

***With 2 independent, published, peer reviewed studies validating the accuracy of the CVSA, isn't it time to acquire the latest in truth verification technology?***
