

FEDERAL SERVICES

Announces a
CERTIFIED EXAMINERS COURSE
HOSTED BY THE
U.S. Federal Courts Office of Probation
Lexington, KY

The **U.S. Federal Courts Office of Probation (KY)** purchased their first **Computer Voice Stress Analyzer® (CVSA®)** in **2005** and due to the tremendous success of the CVSA at that agency, NITV Federal Services is pleased to announce that they will be hosting another **Certified Examiners Course** to be held **Apr. 10-14, 2023**, to train additional examiners. Nearly **3,000** law enforcement agencies across the U.S (**112 in NC, 211 in FL, 273 in CA, 143 in GA and 262 in OH**) now rely on the CVSA for their truth verification needs, including local, state and federal agencies. *Since we expect this class to fill quickly, we suggest you reserve student slots early.* Visit our website at **www.CVSA1.com**

The forward-thinking agencies that utilize the CVSA have found it to be a tremendous asset for Criminal and Background Investigations, and the CVSA can also analyze old taped interviews to solve Cold Cases. Most have utilized the CVSA for many years and they include the **California Highway Patrol - since 1999-32 CVSA's**, **Illinois State Police - 2019-10**, **New Orleans P.D. - 1996-29**, **Atlanta P.D. - 2003-14**, **Nashville P.D. - 2004-26**, **Kansas City P.D. - 2018-5**, **Missouri Dept. of Public Safety - 1998-52**, **Florida Div. of Investigation and Forensic Services - 2003-12**, **San Diego Co. S.O. - 1999-13**, and the **California Dept. of Corrections and Rehabilitation - 2017-58**. Most agencies have simply discontinued the polygraph as they no longer find a need for the older technology.

The new CVSA III is FAST, RELIABLE, COST-EFFECTIVE and EASY-TO-USE. Unlike the polygraph, drugs and medical issues are not known to affect the results of the CVSA III and there are no known countermeasures to cause “inconclusive” results. The cost of the CVSA III with 2 investigators trained is about 1/6 the cost of the polygraph with 2 students trained. The average CVSA exam time is approximately 1 hr. and the average exam time for the polygraph is 2 hrs.

With 2 published, peer reviewed studies validating the accuracy of the CVSA, isn't it time to acquire the latest in truth verification technology?
